

# Aurora Global Infrastructure Income Trust ASX Code: AIB Performance Report - 30 September 2010

## Summary

- The Trust returned 0.41% for September versus the UBS Global Infrastructure and Utilities 50/50 Index which returned 1.64%
- The Trust announced a cash distribution of \$0.025 per Unit for the three months ending 30 September 2010 which represented an annualised yield of 8.75%

## Performance<sup>1</sup>

	1 mth	3 mths	6 mths	12 mths	2 yrs (p.a.)	Since inception (p.a.)
Aurora Global Infrastructure Income Trust	0.41%	7.65%	3.91%	12.45%	5.76%	3.94%
UBS Global Infrastructure and Utilities 50/50 Index	1.64%	6.84%	0.05%	8.67%	1.26%	-7.55%

## Investment objective

The Aurora Global Infrastructure Income Trust (the Trust) is an ASX listed investment trust that aims to generate income from an active strategy of selling call options over a portfolio of global listed infrastructure securities.

infrastructure sector. Prior to joining Long Tail, Nigel worked for over six years at Macquarie Bank Limited in investment banking, corporate finance, and funds management, nearly one year as the Chief Financial Officer of Envestra Limited, and two years as the Managing Director of Talon Infrastructure Pty Ltd.

## Investment Strategy

The investment strategy seeks to capture income and growth from investing in some of the world's leading listed infrastructure entities.

The Investment Manager will use detailed fundamental analysis to select securities within the global infrastructure sector that may be anticipated to:

- provide a higher than average dividend yield over the medium term (including the influence of franking credits, special dividends and other financial restructuring); and
- provide the scope for additional income generation by the Trust writing call options on these securities.

The portfolio will generally hold 20 securities at any one time (either directly, or indirectly via an investment in a wholesale trust, and/or equity derivative instruments). The Trust may also use some gearing and at the Investment Manager's discretion, the portfolio may opportunistically:

- sell exchange traded or over the counter call options over each individual stock position in order to generate additional income; and
- purchase exchange traded or over the counter put options in order to provide some capital protection.

## Investment Manager

Long Tail Asset Management Pty Ltd (AFSL 341474, "Long Tail") has been appointed as the Investment Manager to the Trust with responsibility to advise on the Trust's global investment selection. Long Tail is an Australian based fund manager. An Executive Director of Long Tail (Mr Nigel Trewartha, B.Ec (Honours), M.Comm) has over ten years experience in investment banking, corporate finance and the

30 Jun 10	\$0.0250	8.3%
30 Sep 10	\$0.0250	8.8%
Total	\$0.3082	

## Investment Manager commentary

The Trust achieved a return of 0.41% for September compared to the UBS Global 50/50 Infrastructure and Utility Index ("Index") which returned 1.64% over the same period. The majority of stocks held posted gains during the month but the overall performance was curtailed due to the large cash holdings of the Trust. As noted in the announcement on 13 September, a significant portion of the Trust's assets have been converted to cash while the Trust establishes new prime broker and custodial arrangements. At the end of September the Trust was invested 84% in cash and other assets, and 16% in global infrastructure and utility stocks. The Trust holds no put options and has not sold call options over any positions. The Trust has no net debt.

Personnel from the Manager will be travelling to Europe and the United States in October, meeting with and touring the assets of some current and potential investments for the Trust. Next month's newsletter will provide an overview of the highlights.

## Five Stocks from the Portfolio

	Country	Sub-Sector	Weight

1. This number represents a cumulative return and assumes reinvestment of distributions. 2. The Trust intends to always distribute at least 2.0% of NAV per quarter regardless of Trust performance. This means that if the Trust has insufficient net income in a given quarter, investors may receive a partial (or full) return of capital. 3. Each historical distribution has been divided by seven to reflect the Unit split carried out in November 2009.

Disclaimer: This information has been prepared by Aurora Funds Management Ltd (ABN 69 092 626 885 AFSL 222110) in its capacity as Responsible Entity for the Aurora Global Infrastructure Income Trust (ARSN 127 692 406). It has been prepared without taking into account the objectives, financial situation or needs of any investor, which should be considered before investing.
