1 Introduction

It is recommended that this period end report be considered together with any public announcements made by the Group during the period ended 31 December 2012 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001.

Reporting period

The interim report covers financial period from 1 July 2012 to 31 December 2012. The comparatives cover the period from 1 July 2011 to 31 December 2012.

Registered Office

The registered office of the Group is at:
Level 2
350 George St,
Sydney, NSW 2000

The financial statements were authorised for issue by the directors on 15 February 2012. The directors of the company have the power to amend and reissue the financial statements.

2 Basis of Preparation

This interim financial report for the period ended 31 December 2012 has been prepared in accordance with Accounting Standard AASB 134 Interim Financial Reporting and the Corporations Act 2001. It is a general purpose financial report which has been prepared in accordance with Australian Accounting Standards and the Corporations Act 2001.

This interim financial report does not include all the notes of the type normally included in an annual financial report. Accordingly, this report is to be read in conjunction with any public announcements made by the Group during the interim reporting period in accordance with the continuous disclosure requirements of the *Corporations Act 2001*.

The consolidated financial statements are those of the consolidated entity, comprising the financial statements of the parent entity and all entities which Aurora Funds Limited controlled through the period and at the balance date.

(i) Historical cost convention

These financial statements have been prepared under the historical cost convention, as modified by the revaluation of financial assets and liabilities at fair value through profit or loss, certain classes of property and plant and equipment.

(ii) Critical accounting estimates

The preparation of financial statements requires the use of certain critical accounting estimates. It also requires management to exercise its judgement in the process of applying the group's accounting policies.

3 Goodwill and Intangibles

(i) Goodwill

Goodwill on acquisitions of subsidiaries is included in intangible assets. Goodwill on acquisitions of associates is included in investments in associates. Goodwill is not amortised but it is tested for impairment annually, or more frequently if events or changes in circumstances indicate that it might be impaired, and is carried at cost less accumulated impairment losses. Gains and losses on the disposal of an entity include the carrying amount of goodwill relating to the entity sold.

Goodwill is allocated to cash-generating units for the purpose of impairment testing. The allocation is made to those cash-generating units or groups of cash-generating units that are expected to benefit from the business combination.

(ii) Management contracts

Management contracts acquired as part of a business combination are recognised separately from goodwill. The customer contracts are carried at their fair value at the date of acquisition less accumulated amortisation and impairment losses. Amortisation is calculated based on the timing of projected cash flows of the contracts over their estimated useful lives, which varies depending on the length of the contract. Open ended contracts are deemed to have an indefinite useful life and are not subject to amortisation. Instead, these are tested annually for impairment, or more frequently if events or changes in circumstances indicate that they might be impaired. Value-in-use calculations are based on the present value of cash flows over five years plus assigning a terminal value of cashflow.

4 Segment information

The Group is organised into one main business segment which operates solely in the business of investment management within Australia.

5 Contributed Equity

Ordinary shares are classified as equity

Incremental costs directly attributable to the issue of new shares or options are shown in equity as a deduction, net of tax, from the proceeds.

6 Contingent assets and liabilities

There were no contingent assets and liabilities at 31 December 2012.

7 Share based payment

The Group has agreed to issue an additional 750,000 shares to John Corr, on the third anniversary of the acquisition date of Fortitude Capital Pty Ltd, subject to John Corr not resigning before that date. The cost of these shares will be expensed each year on a straight line basis.

8 Events occurring after the balance sheet date

In the period from 31 December 2012 and the date of this report, there have been no items, transactions or events of a material and/or unusual nature.

Independent auditor's review report to the members of Aurora Funds Limited

Report on the Half-Year Financial Report

We have reviewed the accompanying half-year financial report of Aurora Funds Limited (the company), which comprises the balance sheet as at 31 December 2012, statement of comprehensive income, statement of changes in equity and statement of cash flows for the half-year ended on that date, selected explanatory notes and the directors' declaration for Aurora Funds Limited (the consolidated entity). The consolidated entity comprises both the company and the entities it controlled during that half-year.

Directors' responsibility for the half-year financial report

The directors of the company are responsible for the preparation of the half-year financial report that gives a true and fair view in accordance with Australian Accounting Standards (including the Australian Accounting Interpretations) and the *Corporations Act 2001* and for such internal control as the directors determine is necessary to enable the preparation of the half-year financial report that is free from material misstatement whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half-year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Entity*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the financial report is not in accordance with the *Corporations Act 2001* including: giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and its performance for the half-year ended on that date; and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*. As the auditor of Aurora Funds Limited, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half-year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

For personal use only

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.

Conclusion

Based on our review, which is not an audit, we have not become aware of any matter that makes us believe that the half-year financial report of Aurora Funds Limited is not in accordance with the *Corporations Act 2001* including:

- (a) giving a true and fair view of the consolidated entity's financial position as at 31 December 2012 and of its performance for the half-year ended on that date; and
- (b) complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations Regulations 2001*.
