Director's Report

The directors of Aurora Funds Management Limited (AFML) (ABN 69 092 626 885), in its capacity as the responsible entity of Aurora Global Income Trust ("the Trust"), present their interim report together with the condensed financial statements of the Trust for the half-year ended 31 December 2019, and the auditor's report thereon.

Principal activities

The Trust invests in equities and derivatives, in accordance with the provision of the Trust Constitution and the most recent Product Disclosure Statement ("PDS").

The Trust did not have any employees during the year.

There were no significant changes in the nature of the Trust's activities during the half year.

The Trust is currently listed on the Australian Securities Exchange (ASX: AIB).

Directors

The following persons held office as directors of Aurora Funds Management Limited during the half-year and up to the date of this report, unless otherwise stated:

John Patton
Victor Siciliano
Anthony Hartnell AM

Units on issue

Units on Issue in the trust at the end of the half-year are set out below:

	31 December 2019	30 June 2019
Units on issue	6,966,792	7,615,913

Review and results of operations

During the half-year, the Trust continued to invest in accordance with the target asset allocations as set out in the governing documents of the Trust and in accordance with the provisions of the Trust Constitution and Trust updates announced on the ASX.

Financial results for the half-year

The performance of the Trust, as represented by the results of its operations, was as follows:

	31 December 2019 \$	Half-year ended 31 December 2018 \$
Operating profit/(loss) before finance costs attributable to unitholders	(154,864)	(546,675)
Distributions paid and payable	-	18,434
Distribution (cents per unit) 30 September	-	0.13
Distribution (cents per unit) 31 December	-	0.11

The Fund distributes all its net income each year to unitholders. AIB pays its distributable taxable income on a semi-annual basis (in respect of the periods ended 30 June and 31 December each year) up to 1.0% of NAV per period (up to 2.0% per annum). It is at the discretion of the board whether a distribution will be paid. For the 6 months ended 31 December 2019 the directors elected not to pay a distribution.

Director's Report

Financial position

Net Tangible Assets (NTA) per unit as disclosed to the ASX are shown as follows:

	31 December 2019 \$	30 June 2019 \$
At reporting period	0.1356	0.1442
High during period	0.1576	0.2214
Low during period	0.1200	0.1194

Based on the reviewed financial statements of the fund for the half-year end 31 December 2019, the NTA at 31 December 2019 is \$0.1279 per unit. This is due to the revaluation decrement in relation to the fund's investment in Molopo Energy Limited.

Information on underlying performance

The performance of the Trust is subject to the performance of the Trust's underlying investment portfolio. There has been no change to the investment strategy of the Trust during the half-year, and the Trust continues to invest in accordance with target asset allocations as set out in the governing documents of the Trust and in accordance with the provisions of the Trust Constitution and any Trust updates on the ASX.

Strategy and future outlook

The Trust continues to be managed in accordance with the investment objectives and guidelines as set out in the governing documents of the Trust and in accordance with the provisions of the Trust's Constitution.

The results of the Trust's operations will be affected by a number of factors, including the performance of investment markets in which the Trust invests. Investment performance is not guaranteed and future returns may differ from past returns. As investment conditions change over time, past returns should not be used to predict future returns.

Further information on likely developments in the operations of the Trust and the expected results of those operations have not been included in this report because the Responsible Entity believes it would be likely to result in unreasonable prejudice to the Trust.

Significant changes in state of affairs

Molopo Energy Limited and RNY Property Trust

The Fund holds investments in Molopo Energy Limited (ASX: MPO), Keybridge Capital Limited (KBC) and RNY Property Trust (ASX: RNY). For the half-year ended 31 December 2019, the Fund has adopted significant judgements and estimates to fair value of these investments. The key sources of estimation uncertainty and fair value measurement in relation to MPO, KBC and RNY are outlined in Note 3.

RNY Property Trust (ASX:RNY)

As at 31 December 2019, Aurora's total ownership is 80.96% of which AIB owns 1.18% of the units in RNY.

Since 2 July 2018, in its capacity as the Investment Manager of RNY, has been actively working to create value from its investment in RNY, including by working with the US lender of the underlying five (5) US commercial properties held by RNY, working with the property sub-manager to attract new tenants and various stakeholders to improve the properties.

For the half year ended 31 December 2019, the Fund has adopted significant judgements and estimates to calculate the fair value of this investment. The key sources of estimation uncertainty and fair value measurement in relation to RNY are outlined

Molopo Energy Limited (ASX: MPO)

On 3 February 2020, Molopo released its Quarterly Cash Flow Statement for the quarter ended 31 December 2019. Based on the information contained in this Quarterly Cash Flow Statement, Aurora has reassessed the carrying value of its investment in Molopo and has decided to write the value of its investment down from 0.9 cents to 0.5 cents.

Director's Report

Matters subsequent to the end of the half-year

Keybridge Capital Limited (ASX: KBC)

Keybridge Capital Limited (KBC) announced on the ASX on 17 February 2020 that it had placed 22,000,000 ordinary shares to investors at an issue price of 6.9c per share. Given the current trading suspension of KBC shares, this share price is deemed to be the most current determination of fair value.

The above judgements have an impact on the Net Tangible Assets of the fund, resulting in a lower NTA \$0.13 as compared to the NTA released to the ASX at \$0.14.

Other than the changes mentioned above, no other matters or circumstances have arisen since 31 December 2019 that have significantly affected, or may significantly affect:

- (i) the operations of the Trust in future financial years, or
- (ii) the results of those operations in future financial years, or
- (iii) the state of affairs of the Trust in future financial years.

Indemnity and insurance of Aurora Funds Management Limited

No insurance premiums have been paid for out of the assets of the Trust in relation to insurance cover provided to either the officers of Aurora Funds Management Limited or the auditors of the Trust. So long as the officers of Aurora Funds Management Limited act in accordance with the Trust Constitution and the Law, the officers remain indemnified out of the assets of the Trust against losses incurred while acting on behalf of the Trust.

Indemnity of auditors

The auditors of the Trust are in no way indemnified out of the assets of the Trust.

Cost recovery and interests held in the Trust by the Responsible Entity

Costs recovered by the Responsible Entity and its associates out of Trust property during the half-year are disclosed in Note 9 to the condensed financial statements.

No fees were paid out of Fund property to the Directors of the Responsible Entity during the half-year.

Interests in the Trust

The movement in units on issue in the Trust during the half-year is disclosed in Note 5 of the financial statements.

The values of the Trust's assets and liabilities are disclosed in the Condensed Statement of Financial Position and derived using the accounting policies set out in Note 2 of the interim report.

Environmental regulation

The operations of the Trust are not subject to any particular or significant environmental regulations under a Commonwealth, State or Territory law.

Director's Report

Proceedings on behalf of the Trust

No person has applied for leave of Court to bring proceedings on behalf of the Trust or intervene in any proceedings to which the Trust is a party for the purpose of taking responsibility on behalf of the Trust for all or any part of those proceedings. The trust was not a party to any such proceedings during the half-year.

Auditor's independence declaration

A copy of the auditor's independence declaration as required under section 307C of the *Corporations Act 2001* is set out on page 6 of this financial report.

This report is made in accordance with a resolution of Directors, pursuant to section 298(2)(a) of the *Corporations Act 2001*

On behalf of the directors

Auditor's Independence Declaration

To the Directors of Aurora Funds Management Limited as the responsible entity of Aurora Global Income Trust

In accordance with the requirements of section 307C of the *Corporations Act 2001*, as lead auditor for the review of Aurora Global Income Trust for the half year ended 31 December 2019, I declare that, to the best of my knowledge and belief, there have been:

- a no contraventions of the auditor independence requirements of the *Corporations Act 2001* in relation to the review; and
- b no contraventions of any applicable code of professional conduct in relation to the review.

Notes to Financial Statements

Note 1. General information

The condensed interim financial statements cover Aurora Global Income Trust ("the Trust") as an individual entity. The Trust commenced operations on 18 December 2007 and was admitted to the Australian Securities Exchange ("ASX") on 24 December 2007, and is domiciled in Australia.

The Responsible Entity of the Trust is Aurora Funds Management Limited (the "Responsible Entity"). The Responsible Entity's registered office is Suite 613, Level 6, 370 St Kilda Road, Melbourne VIC 3004. The financial statements are presented in Australian currency.

It is recommended that these financial statements are considered together with the Product Disclosure Statement (which is currently being refreshed) and in accordance with the provisions of the governing documents of the Trust, and any public announcements made by the Trust during the half-year ended 31 December 2019 in accordance with the continuous disclosure obligations arising under the Corporations Act 2001 and ASX listing rules.

The principal activities of the Trust during the half-year were managing its investment strategy in accordance with the provisions of the Trust Constitution, the Product Disclosure Statement and any Trust updates.

The financial statements were authorised for issue by the directors of the Responsible Entity as at the date of the directors' report. The directors of the Responsible Entity have the power to amend and reissue the financial statements.

Note 2. Significant accounting policies

The principal accounting policies applied in the preparation of this condensed interim financial report are set out below.

These policies have been consistently applied to all years presented, unless otherwise stated.

(a) New and amended standards

The Trust has adopted all of the new, revised or amending Accounting Standards and Interpretations issued by the Australian Accounting Standards Board ('AASB') that are mandatory for the current reporting period.

Any new, revised or amending Accounting Standards or Interpretations that are not yet mandatory have not been early adopted.

(b) Basis of preparation

The accounting policies applied by the Trust in this condensed interim financial report are the same as those applied by the Trust in its Financial Report as at, and for, the year ended 30 June 2019.

Statement of compliance

The condensed interim financial statements are a general purpose financial report prepared in accordance with AASB 134 Interim Financial Reporting and the Corporations Act 2001.

The interim financial report does not include all the information required for a full annual financial report and should be read in conjunction with the annual financial report as at, and for, the year ended 30 June 2019.

The condensed interim financial statements comply with IAS 34 Interim Financial Reporting.

The condensed interim financial statements were authorised for issue by the directors as at the date of the directors' report. The Directors of the Responsible Entity have the power to amend and reissue the condensed interim financial statements.

Notes to Financial Statements

Note 3. Use of estimates and judgements

In preparing these interim financial statements, management has made judgements, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets and liabilities, income and expenses. Actual results may differ from these estimates.

The significant judgments made by management in applying the accounting policies and the key sources of estimation uncertainty were the same as those that applied to the annual financial statements as at, and for, the year ended 30 June 2019.

1. Molopo Energy Limited (ASX: MPO)

As at 31 December 2019, the Trust held an investment in the ordinary shares of MPO, which was suspended from trading on the Australian Stock Exchange on 27 July 2017 and remains suspended as at the date of this report.

As previously advised, Aurora considers that the actions of the former Molopo directors have substantially and adversely affected the value of Molopo's assets. As such, Aurora has considered the carrying value of its investment in Molopo and has decided to write the value of its investment down from 1.5 cents to 0.5 cents. The rationale for this decision is summarised below:

- Molopo currently has 249,040,648 ordinary shares on issue;
- Based on the above, Aurora considers the appropriate carrying value of its investment in Molopo to be as follows:
 - cash reserves of \$10.7 million; less
 - litigation provision of \$9.4 million;
 - divided by 249,040,648 ordinary shares on issue;
 - the total estimated value equates to a value of 0.5 cents per share
- As more information is released by Molopo on the Drawbridge shareholding as well as the Canadian litigation, it may be appropriate for Aurora to revisit the carrying value of its Molopo investment.

The fair value of Aurora's investment in Molopo is based on significant estimates and judgements adopted by the directors of Aurora based on all available information about Molopo as at the date of the 31 December 2019 interim financial report.

Aurora is pursuing other avenues to recover value that has been lost by the former directors of Molopo.

2. Keybridge Capital Limited (ASX:KBC)

Keybridge Capital Limited (KBC) announced on the ASX on 17 February 2020 that it had placed 22,000,000 ordinary shares to investors at an issue price of 6.9c per share. Given the current trading suspension of KBC shares, this share price is deemed to be the most current determination of fair value.

Notes to Financial Statements

Note 3. Use of estimates and judgements (continued)

3 RNY Property Trust (ASX: RNY)

The Directors have determined to carry the Fund's investment in RNY Property Trust (RNY) at \$0.044 (being 4.4 cents) per unit at 31 December 2019. In reaching this position, the Directors considered the following factors:

- RNY units are thinly traded on the ASX, and were suspended from trading on 1 April 2019 (due to the failure to lodge audited financial statements for the year, since lodged). Historically, RNY have traded at a discount to the underlying net ...
- On 27 September 2019, Huntley Management Limited ("Huntley"), as responsible entity for RNY Property Trust ("RNY"), announced that the independent valuation of RNY's five commercial office properties in the Tristate area of New York ("Portfolio"), as conducted by CBRE Group, Inc ("CBRE"), resulted the overall valuation being increased from US\$68.8 million to US\$79.5 million. As a consequence of this uplift in the Portfolio's valuation, RNY's unaudited net asset position is 4.7 cents per RNY unit.

Having regard to a range of factors, the Directors have determined a fair value of \$0.044 per unit in RNY.

On 10 February 2020 Huntley Management Limited (Huntley), as responsible entity for RNY Property Trust (RNY), announced that the Amended and Restated Senior Loan Agreement (Loan Agreement) with its US lender, ACORE Capital (Lender), has been extended for 30-days. The purpose of short-term extension is to allow RNY's investment manager, Aurora Funds Management Limited (Aurora), and the Lender additional time to finalise terms of a longer dated extension.

For the majority of the Trust's other financial instruments, quoted market prices are readily available. However, there may be certain financial instruments, for example, over-the-counter derivatives or unquoted securities which are fair valued using valuation techniques. Where valuation techniques are used to determine fair values, they are validated and periodically reviewed by experienced personnel of the Responsible Entity, independent of the team that created them. For more information on how fair value is calculated please see Note 4 to the financial statements.

For certain other financial instruments, including amounts due from/to brokers and payables, the carrying amounts approximate fair value due to the immediate or short-term nature of these financial instruments.

Note 4. Fair value measurement

The Trust measures and recognises the following assets and liabilities at fair value on a recurring basis through profit or loss (FVTPL).

AASB 13 requires disclosure of fair value measurements by level of the following fair value hierarchy:

Fair value hierarchy

- Level 1: Quoted prices (unadjusted) in active markets for identical assets or liabilities that the entity can access at the measurement date.
- Level 2: Inputs other than quoted prices included within Level 1 that are observable for the asset or liability, either directly or indirectly.
- Level 3: Unobservable inputs for the asset or liability.

The fair value of financial assets and liabilities traded in active markets is based on their quoted market prices at the end of the reporting period without any deduction for estimated future selling costs.

Notes to Financial Statements

Note 4. Fair value measurement (continued)

The Trust values its investments in accordance with the accounting policies within this note to the financial statements. For the majority of its investments, the Trust relies on information provided by independent pricing services for the valuation of its investments.

(i) Fair value in an active market (level 1)

The quoted market price used for financial assets held by the Trust is the current bid price; the appropriate quoted market price for financial liabilities is the current asking price. When the Trust holds derivatives with offsetting market risks, it uses mid-market prices as a basis for establishing fair values for the offsetting risk positions and applies this bid or asking price to the net open position, as appropriate.

A financial instrument is regarded as quoted in an active market if quoted prices are readily and regularly available from an exchange, dealer, broker, industry group, pricing service, or regulatory agency, and those prices represent actual and regularly occurring market transactions on an arm's length basis.

(ii) Fair value in an inactive or unquoted market (level 2 and level 3)

The fair value of financial assets and liabilities that are not traded in an active market is determined using valuation techniques. These include the use of recent arm's length market transactions, reference to the current fair value of a substantially similar other instrument, discounted cash flow techniques, option pricing models, volume weighted average prices or any other valuation technique that provides a reliable estimate of prices obtained in actual market transactions.

Where discounted cash flow techniques are used, estimated future cash flows are based on management's best estimates and the discount rate used is a market rate at the end of the reporting period applicable for an instrument with similar terms and conditions.

For other pricing models, inputs are based on market data at the end of the reporting period. Fair values for unquoted equity investments are estimated, if possible, using applicable price/earnings ratios for similar listed companies adjusted to reflect the specific circumstances of the issuer.

Some of the inputs to these models may not be market observable and are therefore estimated based on assumptions. The output of a model is always an estimate or approximation of a value that cannot be determined with certainty, and valuation techniques employed may not fully reflect all factors relevant to the positions the Trust holds.

The following table presents the Trust's assets and liabilities measured and recognised as at the half-year ended 31 December 2019 and the year ended 30 June 2019 (see next page).

Notes to Financial Statements

Note 4. Fair value measurement (continued)

(ii) Fair value in an inactive or unquoted market (level 2 and level 3) (continued)

Transfers between levels

Shares in Keybridge Capital Ltd. (ASX:KBC) have been moved from level 1 to level 2 due to the stock being suspended on the ASX.

Valuation inputs for Level 3 investments

The Trust invests in listed securities trading as RNY. As disclosed in Note 3, the Trust and other associated entities of AFML hold 80.96% of the units in RNY. For the reasons disclosed in Note 3, the last traded price has not been adopted and the value of 4.4 cents per unit has been adopted.

The Trust also invests in listed securities trading as MPO. As disclosed in Note 3, the Trust and other associated entities of AFML hold an economic interest of 17.92% in the shares of MPO. For the reasons disclosed in Note 3, the last traded price has not been used and the value of 0.5 cents per unit has been adopted.

Notes to Financial Statements

Note 5. Net assets attributable to unitholders

Movements in the number of units and net assets attributable to unitholders during the half-year and the previous financial year were as follows:

Responsible Entity's/manager's fees and other transactions

Under the terms of the Trust Constitution, the Responsible Entity is entitled to receive fees, calculated by reference to the average daily net assets (excluding net assets attributable to unitholders) of the Trust as follows:

- Management fee payable to the Responsible Entity is 1.3325% (including GST) per annum;
- Performance fee that is equal to 25% (including GST) per annum of the gross performance (net of fees) over the RBA cash rate (the benchmark) subject to a high watermark.

On 1 March 2019, in response to the smaller net asset position of the Fund, Aurora elected not to charge its management fees and will also capped normal operating expenses at no more than 2.00% (ex GST) of the Fund's net assets (per annum). Normal operating costs incurred by the Fund above this cap are borne by Aurora in its own capacity until further notice. Aurora notes that any extraordinary costs remain an expense of the Fund.

Independent Auditor's Review Report

To the Unitholders of Aurora Global Income Trust

Report on the review of the half year financial report

Conclusion

We have reviewed the accompanying half year financial report of Aurora Global Income Trust (the Trust), which comprises the condensed statement of financial position as at 31 December 2019, and the condensed statement of profit or loss and other comprehensive income, condensed statement of changes in equity and condensed statement of cash flows for the half year ended on that date, a description of accounting policies, other selected explanatory notes, and the directors' declaration.

Based on our review, which is not an audit, nothing has come to our attention that causes us to believe that the half year financial report of Aurora Global Income Trust does not give a true and fair view of the financial position of the Trust as at 31 December 2019, and of its financial performance and its cash flows for the half year ended on that date, in accordance with the *Corporations Act 2001*, including complying with Accounting Standard AASB 134 *Interim Financial Reporting*.

Directors' responsibility for the half year financial report

The Directors of the Responsible Trust are responsible for the preparation of the half year financial report that gives a true and fair view in accordance with Australian Accounting Standards and the *Corporations Act 2001* and for such internal control as the Directors determine is necessary to enable the preparation of the half year financial report that gives a true and fair view and is free from material misstatement, whether due to fraud or error.

Auditor's responsibility

Our responsibility is to express a conclusion on the half year financial report based on our review. We conducted our review in accordance with Auditing Standard on Review Engagements ASRE 2410 *Review of a Financial Report Performed by the Independent Auditor of the Trust*, in order to state whether, on the basis of the procedures described, we have become aware of any matter that makes us believe that the half year financial report is not in accordance with the *Corporations Act 2001* including giving a true and fair view of the Trust's financial position as at 31 December 2019 and its performance for the half year ended on that date, and complying with Accounting Standard AASB 134 *Interim Financial Reporting* and the *Corporations*

Regulations 2001. As the auditor of Aurora Global Income Trust, ASRE 2410 requires that we comply with the ethical requirements relevant to the audit of the annual financial report.

A review of a half year financial report consists of making enquiries, primarily of persons responsible for financial and accounting matters, and applying analytical and other review procedures. A review is substantially less in scope than an audit conducted in accordance with Australian Auditing Standards and consequently does not enable us to obtain assurance that we would become aware of all significant matters that might be identified in an audit. Accordingly, we do not express an audit opinion.

Independence

In conducting our review, we have complied with the independence requirements of the *Corporations Act 2001*.
